2110 University Avenue, Apt. 104,
Madison, WI-53726,
USA.

Education

University of Wisconsin-Madison
M.S. Electrical and Computer Engineering *May 2014(expected)*
Received full tuition scholarship with Research Assistantship
- GPA: 3.69/4
Academic Projects: 3D Reconstruction using Kinect, HDR Image Fusion, MoshBall, Panoramic Image Stitching, Photo-metric Stereo, Music Recommendation System, Spam Classification, Othello.

Vishwakarma Institute of Technology-Pune
B.E. in Electronics and Telecommunications Engineering *May 2011*
- GPA: 8.77/10 (Graduated with Distinction)

Skills

Strong Math background, C++ (proficient), Java (proficient), MATLAB (proficient), C (competent), C# (prior experience), CUDA, OpenCV, OpenGL, OpenCL, UNIX/Linux.

Coursework

Algorithms, Computer Vision, Machine Learning, Computer Graphics, Operating Systems, Statistical Estimation Theory, Advanced Image Processing, Data Structures.

Experience

University of Wisconsin-Madison, Dept. of Computer Sciences
Research Assistant *May 2013 - present*
- Designed a novel algorithm for denoising images using multiple views.
- Used CUDA C to make this highly parallel algorithm run 4 times as fast as other known multiple view denoising algorithms.

University of Wisconsin-Madison, Dept. of Botany
Project Assistant *Sept 2012 - Aug 2013*
- Developed a tool in MATLAB for tracking texture on hypocotyls for analysis of plant growth.
- The tool is published on iPlant Collaborative to for botanists world-wide who study plant growth.

Scicom Software India Pvt. Ltd.,
Project Intern *Aug 2011 - July 2012*
- Designed and developed a simulator software for a control system using C#. This reduced the time-to-market by 33% and earned a new project for the organization.
- Worked with a team in design of hardware for the control system. Reduced product cost by 25% of the budget. Followed German safety standards.
- End-to-end development of a video inspection tool using C++ and DirectShow.

Co-Curricular

- Participated in UW-HuB Hackathon; designed and developed a 2D game in Java.
- Participated in University Hacker Olympics organized by HackerRank.
